

Dear FCC,

I myself am an Avid listener to XM Satellite Radio for 2 months now. I travel across the country, and am VERY pleased with the service I receive from XM Satellite Radio. I PAY for this service, and I feel that it's UNFAIR for some people (NAB) to think that they can take rights away from the listeners, like myself that enjoy the XM Instant Traffic & Weather. I can't get this from any other source easily. I guess I could Memorize every station that I liked, but I've tried that and it's horrid! Especially when there is no radio signal.

Basically, I'm asking you to Reject the NAB's petition 04-160. Thank you for your time.

Sincerely,  
Christopher Marks
